

Hello from Pulau Pef,

We are pleased to introduce our new Marketing Manager Monika who started working for Raja4Divers at the beginning of August. Monika lived and worked in Switzerland all her life and never even dreamt of ending up on a remote little island in Indonesia. But she has settled in well by now and will send you news from Pulau Pef on a monthly basis going forward. We hope, they will inspire you to either come and visit us on the island or check out our [website](#), our [Facebook](#) or our [Instagram](#) account.

---

In her weekly blog, Monika also writes about her personal impressions and feelings and gives you background stories from her new life on Pulau Pef. Check out her blog post every Friday on Raja4Divers' [website](#).

for divers and snorkellers under the age of 30

## 50% discount

for 2 weeks of unlimited diving/snorkelling, including accomodation in a spacious waterbungalow and full board.

Our staff has grown to almost 60 employees (on Pulau Pef, in Sorong, in Bali and in Switzerland), which are responsible for the smooth functioning of our resort and make sure our guests feel comfortable. Roughly half of them are Papuans from the surrounding islands that are constantly being trained by us and typically get to work in various departments during their training.

Once a year, during cleaning closure, we go on a two-day staff trip together. This year, our destination was KALI BIRU (blue river). Most of us jumped straight into the refreshing water to cool off from the trip. Of course, the guitars were brought along and some even started singing in the middle of the river!

The singing and laughing almost never stopped day and night. The trip forged an even stronger bond between us and showed us that we are a great team. This joy of life seems to be contagious and our guests often tell us that it makes their stay with us an especially memorable one. TERIMA KASIH BANYAK!
