

Raja4Divers

Far away from your workday life on a remote island in the wilds of Raja Ampat, **Raja4Divers** offers spacious bungalows for between one and four guests. Facing the sunset, your bungalow boasts great attention to detail and provides an authentic Papua feeling, all in luxurious comfort. You will have a terrace with a hammock, an airy and bright living space, and a huge open-air bathroom. It will leave your every wish fulfilled.

In our restaurant you can enjoy local and Western food, freshly prepared with many of the products coming from the surrounding villages. The resort is under Swiss management. It offers a professionally led dive centre, an air-conditioned camera atelier, a library, and complementary services such as Internet access over satellite, iPads and a laundry service.

Our superb house reef and more than 60 diverse dive sites give you all of Raja Ampat's underwater beauty and variety. You can find stunning topography, large schools of fish, and 75% of the whole world's corals close by. We dive in small groups, with a maximum of eight divers per boat. Snorkellers are free to join the boats as well.

Apart from diving, there is a diverse range of activities to maximize your experience during your stay. Make the most of kayaking along the mangrove shores, discovering jungle trails, observing birds, lizards and baby sharks, or just enjoy a beer in the sunset lounge.

We offer you your private paradise, with a maximum of 18 guests and minimal extra costs: nitrox is included, and there is no surcharge for long-distance trips. Snacks and non-alcoholic drinks are included. Enjoy your unlimited diving package and accommodation with full-board on Pulau Pef – a mini-Raja Ampat all in one.
